DRESSING UP

Irish fashion has built up an excellent reputation over the last decade, which is why we in **WWHQ** are huge fans of **www.dresses.ie**. The site has been at the cutting edge of this fashion revolution both here in Ireland and abroad. It specialises in party dresses for ages 18-35-year-old fashion conscious lady, so you're bound to find something for someone on the site. We've taken a look and were rather more than just a little impressed.
